

# biography

angela janssen, LEED® AP

director of corporate affairs

Angela Janssen has been part of the Acoustic Dimensions team since the early years. Her background in live sound, lighting, video production and systems installation established a practical foundation for her work as a systems designer.

As the team grew, Angie transitioned to a corporate role in the organization. Her capacity for accuracy and attention to detail make her a natural at overseeing the legal and accounting responsibilities for the organization. Those talents coupled with a long-standing commitment and depth of knowledge make her a backbone for our organization.

Angie is a Vice President in our Dallas office and is on the Board of Directors.
