## michael umile designer

Michael Umile joined Acoustic Dimensions as AV Designer in 2010 after completing his Master's in Architectural Acoustics from Rensselaer Polytechnic Institute. His thesis "Design of a Binaural and Stereoscopic Dummy Head to Improve Subject Immersion" is a look into the potential future of Audio/Video integration for 3D TV & presentations.

Prior to his Master's, Michael earned a Bachelor's Degree in Audio from Purchase College and worked as a Front of House Audio Engineer/ Stage Hand in the surrounding Metropolitan & Connecticut areas. While in school he designed several recording and live sound systems for student spaces both on and off campus.

Michael is an active member of the Acoustical Society of America and the Audio Engineering Society.
