**Client:** Southwestern College-Corner Lot Project

**Location:** Chula Vista, California

**Project Type:** New Construction

**LEED® Status:** Pursuing LEED® Certification

**Opening:** 2013

**Construction Cost:** \$55 Million

**Architect:** BCA Architects

**Contact:** Samer Kawar | BCA Architects | 619.696.8988

**AD Scope:** Acoustics | Audio | Video

The Southwestern College Corner Lot project is an ambitious undertaking encompassing 6 buildings and a large parking structure, all seeking LEED® Platinum certification. Facilities include a new administration building, bookstore, café/restaurant, art gallery, outdoor dining and gathering spaces, as well as numerous classrooms and conference spaces for use by continuing education programs and instructional partners. Audio and video equipment throughout the project will be designed to allow remote management and troubleshooting 'help desk' features, ensuring both energy efficient operation and a high level of reliability and user satisfaction.
