## stroh center

**Client:** Bowling Green State University

**Location:** Bowling Green, Ohio

**Project Type:** New Construction

**LEED® Status:** Pursuing LEED Certification

**Seat Count:** 5,000

**Opening:** 2011

**Construction Cost:** \$40 Million

**Architect:** Rossetti

**Contact:** Michael Schuessler | BGSU | 419.372.3748

Dave Richards | Principal - Rossetti | 248.262.8300

**AD Scope:** Acoustics | Audio | Large Screen Displays | Scoring/Timing Systems | MATV | Security Infrastructure | Data Cabling

The Stroh Center at Bowling Green State University hosts their NCAA Division 1 Men's & Women's NCAA Basketball and Women's Volleyball programs, concerts, graduation and other events that celebrate connection. We collaborated with Rosetti on technology for the main arena, practice court, team store, the BGSU Hall of Fame, ticket office, athletic offices, conference and video rooms and sports medicine areas. The systems are designed to enhance the shared experience of the events: visually, aurally and functionally. The primary systems consist of an overhead distributed speaker design, a 20' x 11' 10mm Video Display, a 30' wide 10mm scorer's table LED display, a 50' wide 10mm writing press LED display, and a 30' wide 10mm ribbon board for the main arena.
