Opening: 2009

Construction Cost: \$19 million

Architect: HH Architects

Contact: John Dyer | Brentwood Connection Center | 615.324.6100

AD Scope: Visualizations | Acoustics | Audio | Video | Lighting

The campus for Brentwood Baptist Church needed a space to support community and youth programs. The 75,000 square foot Connection Center has basketball cages, a cafe with 200 seats, free wi-fi and a stage, bookstore and a contemporary, flexible worship space that seats 1000 and is designed to facilitate spiritual, social and recreational activities.

For the design of the Brentwood Connection Center, HH Architects provided their architectural design to us in the form of a REVIT model, then AD provided acoustics and performance technologies input on the model and worked with HH's designers to determine interior finishes for the animation.
