

projects

destiny of faith

Client: Destiny of Faith

Location: Lafayette, Louisiana

Project Type: Renovation

Opening: 2008

Seats: 200

Contact: Alex Lazard | Technical Director | 337.231.5119

AD Scope: Auditorium Consulting, Visualizations

Destiny of Faith in Lafayette, Louisiana was meeting in a long, narrow strip mall space with a wide, shallow stage and difficult circulation for musicians. Acoustic Dimensions met with the church to collaborate on solutions for a redevelopment of the room.

The visualizations communicated the concepts to the congregation who built and implemented the stage design and layout changes through volunteer efforts.
