## concord church

**Client:** Concord Church

**Location:** Dallas, Texas

**Project Type:** Renovation

**Seat Count:** 2500

**Opening:** 1999, 2009

**Contractor:** Clair Brothers

**Contact:** Johnny Welborne | Director of Operations – Concord Church | 214.331.8522

Jeff White | Clair Brothers | 214.992.0289

**AD Scope:** Acoustics Recommendations | Audio | Video Projection | Lighting Design Review

Acoustic Dimensions has been working with Concord Church for over 10 years. In 1999, Acoustic Dimensions designed a new sound system for the Church. The project was rushed to completion in order to be ready for a Saddleback Conference Simulcast.

In 2008, the church began plans to upgrade the existing audio, video projection, and theatrical lighting systems. AD was asked to assist the Church with a design-build solution and teamed with Clair Brothers for a turnkey approach to the project. AD provided design review of the systems that Clair and the Church developed. In addition, we provided acoustical recommendations to provide a more controlled environment fitting of the high powered audio systems currently installed.
