Project Type: New Construction

Opening: October 2003

Architect: TGS Architects

Contact: Gregory Smith | Oak Cliff Bible Fellowship | 972.228.1281 x400

AD Scope: Acoustics | Audio | Video | Lighting

Oak Cliff Bible Fellowship, the church of well-known radio personality Dr. Tony Evans, the host of the Urban Alternative, has added a church education center to their church.

Dr. Evans, who has been praised by President George W. Bush for his example of faith based initiative, desired the church education center to house the church's school, as well as adult education and community outreach programs.

The church education center includes classrooms, a courtyard, a gym, a cafeteria, a performance space that seats 350, and a Kid Zone with games and a coffee bar. The courtyard, gym, and cafeteria can be opened to create one large area.
